

ALL EYES CENTER
ON CONGRESS IN
FINAL SESSION

Nation's Law Makers Again
Gather at Washington
To Wind Up Affairs.

(By the Associated Press)
WASHINGTON, Dec. 6.—The third and final session of the 66th congress began today with President-elect Harding in his seat in the senate. The galleries began to fill early in the day and were crowded when the gavel of Vice President Marshall and Speaker Gillette fell promptly at noon. Senator Harding was given a round of applause as he entered the senate chamber just before noon. Spectators arose all over the galleries to obtain a better view of the president-elect, who entered from the republican cloak room with Senator Lodge, republican leader. Senator Harding was surrounded immediately by a crowd of senators who shook his hand and clapped him upon the back. The president-elect welcomed his admirers with a broad smile. A day of co-operation and friendly relations between the house and congress was forecast by the president-elect in a short address from the floor of the senate. Though disclaiming any desire to criticize the present administration, Mr. Harding declared it one of the ambitions of his four years as chief executive to insure better team work between the two branches of the government. The speech which did not touch on detail questions of policy, was delivered by the president-elect in response to an ovation that greeted him when he went to the senate chamber in his capacity as a senator and answered to the opening roll call of the new session. Mr. Harding spoke briefly and the senate adjourned without transacting any business to await a communication from President Wilson.

THE BAPTIST
BILLBOARD

At the First Baptist Church of Ada this week is being conducted a Sunday School training school. This school is free to all and the public is cordially invited. It is not only to assist officers and teachers of the Sunday schools, but also to help those who are members of classes to learn how to "make two Sunday school pupils grow where only one grew before." This school is being conducted by Mr. Fred A. McCaulley, who is the Baptist State Sunday School secretary, and a graduate of Oklahoma Baptist University at Shawnee, who is to teach a course this week on the organized class work; and Mrs. Maude Abner, Sunday School Field Assistant for the Baptists of Oklahoma. These two people are specialists in their line, having made that their life work. The program for each evening will be in a general way as follows: 6:15, First Class period. 7:15, Free lunch at church. 7:45, A real "pep" meeting. 8:15, Second Class period. 9:15, Go "Home, Sweet Home." Many Sunday school workers are like some people's pepper boxes—always empty. Better come this week and "Pep Up." The class in the Sunday School Manual, taught by Mrs. Maude Abner, met yesterday afternoon at the church, and elected officers as follows: Mr. N. W. Pitts, president. Mrs. J. A. Cowling, First vice-president. Mr. C. A. Bell, Second Vice-president. Mrs. R. E. L. Ford, Third Vice-president. Mrs. Fannie Payne, Secretary.

Clara Smith Was in Ada Sunday
And Talked Freely to News Reporter

Much sought (?) Clara Smith of Ardmore whose name has become a household word since Jake Hamon died a week ago was in Ada Sunday morning between trains and responded willingly and apparently without reserve to practically every question asked by an Evening News representative. The "hunted" expression which one involuntarily looks for after reading the sensational fake stories that have been printed in the yellow press about her during the last few days, was conspicuously absent, and she was evidently not a single person in all the Sunday morning crowd at the Katy depot noticed anything unusual about the appearance of the well dressed, well behaved, fine looking young woman who evaded no one, and solicited the attention of no one except a fretful child who was worrying its mother and stopped long enough to turn two big blue eyes on Miss Smith when she patted it on the cheeks. The meeting between Miss Smith and the News representative was purely accidental. Neither had seen the other since the fall of 1916, but she has changed very little since that time and was instantly recognized the moment she entered the depot. After buying a ticket she started to the ladies rest room, halting but a moment to pat the cheeks and win the smile of an unruly baby. As she resumed her way toward the rest room the News representative approached and was recognized and greeted by her without the least hesitation or evidence of fear. Miss Smith had just arrived from Pauls Valley and her destination was not concealed. When told that the writer was working for a newspaper she frowned and bit her lips and replied, "Do you find it impossible to make an honest living?" A tinge of bitterness was noticeable in her voice as she unsmilingly asked this question, and her frown brought into prominence on her splendid features the subtle, almost imperceptible lines which care had stamped there during the eventful days of the past two weeks. Miss Smith did not give a detailed statement of her travels during the past ten days but said that she had been in the state of Oklahoma except one day which was spent at Arkansas City. She stated that she had been "in and out" of Oklahoma City a number of times and had talked to the chief of police at the Norwood hotel at Shawnee since Mr. Hamon died. She branched as preposterous the story of the taxi driver who claimed to have carried her several miles toward Old Mexico in a car and abandoned her at Cisco, Texas, when he became suspicious that he was transporting a criminal. When asked to explain the attitude of the Carter county officials in the case her only comment was, "Have you paper ask County Attorney Brown why he left Ardmore the day of Mr. Hamon's funeral," but she would not indicate what the answer would be and assigned no particular reason for asking the question. When asked concerning the authenticity of the "diary," which certain yellow sheets are printing and claim to have found in her trunk at Kansas City she said the whole thing was a fabrication and a farce and that when Mr. Mathers, her Ardmore attorney, had finished with the perpetrators of the libelous and sensational lies their net profit from its sale would be greatly minimized. She stated that this "diary" was the work of some "love-sick news reporter," who knew just enough concerning her life to give the article the semblance of truth, but laughingly added that "diary" would be the more appropriate title, owing to its "bovine" quality and tone. She said that she had expected to reach Ada Saturday, and make a surprise call on Mrs. J. K. Kitchens, who had been in this city the past week helping her husband promote a sale, but she was delayed when she missed a train at Elk City, and Mr. and Mrs. Kitchens left Ada for Halstead, Kansas, Saturday evening. She said she was well acquainted with the Kitchens family, and that Mrs. Kitchens is a sister to the Mrs. Hagood mentioned in the false "diary" recently. Miss Smith is well posted on the oil business in general and very well informed on recent developments in this locality. She asked if the Carter, Nance, LaCalle well had been drilled in, and if the Doan company had spudded in yet. When asked if she thought the Ada field would ever amount to anything replied, "Why not? The oil men are looking your way and you never can tell till you try." The south bound Katy rolled in, Miss Smith boarded and smiled a pathetic smile as she nodded good bye to the News scribe. Then the reporter mused: What a strange world is this; how a sordid world and a yellow press find joy in picking at the heart strings of a wretched and unhappy woman is one of the riddles. Why men and women of wealth and influence will deliberately dissolve the richest pearls of life in the mocking cup and the debauched boudoir is another. Yet it's interesting, even to an unsophisticated newspaper man, to stand along the highway of life and see the fools go by.

A successful Sunday school is one that every Sunday beats its own record of the preceding week. Judging by such a standard, how many successful Sunday schools have we in Ada, and what have we done to make our schools successful? Better come tonight and let us all study together how we may make our schools to standardize! "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."—1 Tim. 2:15. We are ready to study of this kind is somewhat different from the studying some people do just to "get by" a teacher. East Central State Normal is doing a great work for a group of young people who expect to be successful in the teaching profession. Why not attend the Baptist church evenings this week young people, and learn how to overcome the difficulties arising in many of our rural churches in the matter of building and running Sunday schools? You're just as welcome as the sunshine on a cloudy day.

To insure the success of the class taught by Mr. McCaulley this week, the following Ada citizens have been elected as officers: Mr. D. W. Swaffar, President. Mr. W. C. Duncan, First Vice-President. Mrs. L. J. Crowder, Second Vice-President. Mrs. M. MacFarland, Third Vice-President. Prof. Edward Davis, Secretary. Mrs. R. A. Herndon, Treasurer. Prof. J. E. Hickman, Reporter.

At the training school tonight, during the "pep" meeting, special music is to be rendered, and Mrs. Abner is to do the "pepping." Come hear, and see!

MIAMI BANK ROBBED
THIRD TIME THIS YEAR

MIAMI, Okla., Dec. 6.—For the third time within the year the First National bank at Fairland early this morning was visited by burglars. The safe was blown about 2 o'clock this morning and about \$3,000 in silver and currency was stolen. Last April the bank was burglarized in about the same manner and \$3,000 worth of Liberty bonds were taken. In January the bank was robbed of \$150 worth of internal revenue stamps. None of the loot was ever recovered.

TO HUNT MOONSHINERS
IN AUTOMOBILES

Madison, Wis.—Moonshine whisky will keep several Wisconsin state automobiles running this winter, according to B. C. Parkinson, deputy prohibition commissioner. "We intend this winter to use moonshine in radiators of the cars as a non-freezable compound in place of high priced special preparations," Mr. Parkinson said.

The News Takes Its Medicine

When the so called "bottom" fell out of business a few weeks ago the News maintained its optimism, printed a better paper than ever, put on a circulation campaign to make the advertising columns of the paper still more valuable to our advertisers, installed modern, labor saving machinery and did all in its power to keep up a "front" regardless of conditions. We didn't do that because we thought conditions were not bad—we knew they were bad—but we thought, and think yet, that the less said about the matter, at least said out loud, the better. But when men who came to this town years ago with the seats of their pants out, and who have prospered and have big business institutions tell us "times are too hard" to advertise now, and that they have no idea when they will ever advertise again, then there is nothing to do but to look the situation squarely in the face and prepare to meet the consequences. There are merchants in this town who don't figure the good will work of a newspaper; they don't consider the accumulated influence that a first class daily paper can have on the town and, naturally, on their business; they don't care, in other words, whether the paper survives or perishes, and quite naturally such sentiment puts the newspaper squarely up against the wall. We have thought that a real metropolitan newspaper, always boosting and always maintaining a prosperous appearance for the town, would offer an investment that the merchants could afford to invest in the way of advertising whether they were actually in need of the advertising or not. But it seems that some of the merchants can't see it. We don't refer, of course, to the real live merchants whose ads appear in the paper every day. They are the "salt of the earth" and it is they who have made the city what it is. This reminds us to say, too, that we would appreciate it if the more than six thousand people who read this paper would concentrate their business and buying power on the men and firms who patronize these advertising columns. At any rate the "go to hell" attitude of a majority of the smaller business men and some of the larger ones as well, toward this paper for the last several weeks makes it necessary for us to cut the cloth to fit the garment. Self preservation is the first law of nature, and from here out the News will be just what the merchants and business men of the city want it to be, and not what we would like to have it be. We appear today with a four page paper. Four and six pages will be the rule hereafter instead of eight and twelve, at least until conditions improve. We are lopping off the payroll and will consequently lop off many of our best features and news articles. We are suspending Mutt and Jeff and the picture service, one feature writer and possibly one editorial writer, and other features will be omitted from time to time as business gets worse. This article is not published to still further augment the feeling of despondency now prevalent among the business men, and not for the purpose of trying to coerce them to advertise. We want the business of no man who does not believe that it pays him and that it is advantageous to the city to maintain a first class daily newspaper. It is published for our many readers who do not understand the "ins" and "outs" of the business and who would naturally marvel at the curtailment of the paper unless the necessity of the same was explained to them. With advertising or without it, the Evening News will continue to be published, but it will not be the Evening News you once knew and that we had dreams of maintaining. In the meantime, let us plead with our readers, once for all, to make it a point to patronize those who advertise in these columns. They are friends of the town, they believe in live and let live, they made the News what it is and it depends on them for its very life.

FIRST PERIOD CLOSSES TONIGHT
IN GREATER CIRCULATION RACE

Fight for Supremacy To Be Decided by Work if
Contestants During Next Two Weeks; Job
Work Cards May Now Be Sold.

The first period of the Ada News Greater Circulation Campaign closes this evening at six o'clock. The work of the period has been a great success. Every candidate has profited mightily as the standing in tomorrow's paper will show. Throughout the leaders have run so close to each other that each has shown surprising changes in the leader class. Several leading contestants are polling so equally that tonight's count will show only a hair line victory in all probability. The struggle for the final supremacy will be fought out during the next 16 days and the real winners will be gauged by the success from now until December 23rd. And now for a whirlwind finish. Now for sensations and surprises. These are the days that will test the resourcefulness of candidates. Here is where courage upholds them and makes them fight, or the lack of it takes the stiffness out of their knees and leaves them trailing in the dust—"also rans." Sometimes, too, supreme courage urges them on when they tire, and that is the same fight of all. Credits on Job Work. Credits for subscriptions show a 30 per cent decline during the second period, but for every \$20 handed in the candidates receive the 50,000 extra club credits through out the competition. Also the sale of job work coupons will give the candidates extra credits. These cards are printed in three sizes and sell at \$10, \$20 and \$50. The cards are good for any job work or printing done in the Ada News work room, but job work includes no advertising, either display or classified. Special This Week Only. During this week for every twenty dollars brought in on the sale of subscriptions or job coupons, the candidates will receive, besides the regular credits, an opportunity of filling out the extra credit coupon in today's paper which entitles them to 30,000 extra credits. Remember for this week only! Look at your schedule of credits on the receipt book and note that you now receive 6,000 credits on a two year daily subscription while only \$800 credits on a one year daily subscription, on the five year daily subscription you still receive 20,000 credits. On the weekly you now receive 600 credits for a one year subscription and 4,500 on a two year subscription. 12,500 credits are now issued on a five year weekly subscription. Each club of \$20 still entitles the candidate to 50,000 extra credits. The \$20 may include money from the sale of either subscriptions or job cards. The credits issued on job cards are as follows, for a ten dollar card, 7,000 credits will be issued; on a twenty dollar card, 25,000 credits will be given; and a \$50 card entitles the contestant to 100,000 credits during the second period. These credits are to be declined during the third period, so WORK NOW!

Short Cold Snap Coming,
Weather Man Says Snow

OKLAHOMA CITY, Dec. 6.—Oklahoma is due for another touch of winter within the next 24 hours, but the cold wave will range from between 20 and 30 below of short duration and not as severe as previous ones this winter, according to a report from the weather bureau here. Temperatures by morning will degrees in the north and west portions and between 26 and 32 in the southeastern part. There is a chance for a snow in the cold snap this time, weather profits said, for it is expected that the rain now falling generally over the southwest will turn to snow as the cold wave advances. Moderation by Wednesday, on the face of present indications, was seen today by weather bureau officials here.

MRS. C. V. DUNN

Mrs. C. V. Dunn of Ada is one of the leading contestants in the circulation contest of the Ada News and is certainly one of the most active candidates. Mrs. Dunn has been a resident of Ada almost two years and is numbered among the most popular ladies of the city, her tact and refinement having won for her a great number of friends. She has the active support of a large number of people and is very appreciative of the favors shown her.

Maxey Home Saved
From Loss By Two
Unknown Men

Mrs. L. A. Maxey, 309 South Francis, is doubly thankful to two unknown men who broke in a rear door at the Maxey home Saturday evening and extinguished a fire that threatened to destroy the home before the fire department arrived. Mrs. Maxey was in the front part of the house and was badly frightened by hearing some one tearing down the door of a screened-in porch at the rear of the house, and upon investigation she found the two men very busy fighting fire which had gained considerable headway. The fire department was summoned but before they reached the house the flames were well under control and had been nearly extinguished. In her great excitement Mrs. Maxey failed to learn the names of her two benefactors who saved the home from destruction, but she is very grateful just the same. The porch was practically ruined by the flames and Mrs. Maxey says that a washboard, broom and mop were about the only articles of personal property destroyed, and she is glad to spend one Monday morning without their company. It is thought that the fire started by an oil mop coming in contact with flame in some unknown manner.

Negroes Get in Hot
Argument; Ends in
Shooting Scrape

Cornelius Blue, a young negro who lives about 20 miles southeast of Ada, was shot and seriously wounded yesterday afternoon by Dean Earl, another negro, following an argument between the two. The ball pierced Blue's cheek, fractured his jaw and finally lodged against the spinal column. A physician pronounced the wound serious, but not necessarily fatal. No attempt was made to remove the bullet because of its precarious position. Fortunately for Blue, none of the numerous blood vessels passing through the neck were touched. The bullet will be permitted to remain where it is, and eventually will become insistent, a sac being formed around it. The argument between the two negroes apparently concerned some trifling matter or other. Blue says the other accused him of being a "bully" and fired on him after a few words. Earl has not been apprehended.

Fire Destroys
Chief-Leader
Plant at Konawa

Fire, starting from a defective flue, destroyed the office building and damaged most of the equipment of the Chief Leader and destroyed \$800 worth of hardware stock for the Michael-Porch Hardware company at Konawa Sunday morning. The local fire department did very effective work in fighting the flames and averted a much greater loss of property by their prompt and efficient action. This is the second fire to be had by the Chief Leader plant in two years. Both businesses were covered by insurance. Mrs. L. A. Hudson of Coalgate spent the week-end with her daughter, Mrs. E. A. Allen of this city.

The WEATHER NEWS
Tonight unsettled. Rain turning to snow in east portion. Cold wave. Temperature 20 to 30 degrees in north and east portion and 26 to 32 degrees in southeast portion. Tuesday probably fair. Colder in southeast portion.

HOLDENVILLE MOB
HANGS NEGRO FOR
ATTACKING WOMAN

Black Had Committeed An
Assault on 67 Year Old
Woman By Force.

(By the Associated Press)
HOLDENVILLE, Dec. 6.—An unidentified negro, who is alleged to have assaulted a 67-year-old woman, was hanged to a post about 11 o'clock Sunday night by a mob of about 50 citizens. The jailer and officers were overpowered and the negro was taken from a cell in the jail. The mob was orderly and persons living a block from where the hanging took place declared they did not know the man was being hanged. The negro, who told the officers after he was captured that he had served a term in the Arkansas penitentiary, was alleged to have accosted the woman in a pecan grove Sunday afternoon near her son's home where she was visiting. He is alleged to have revealed an automatic pistol and threatened her with death if she screamed. Officers were notified of the assault and Beechy Templeton, deputy sheriff, and the jailer started in pursuit. When they came upon the negro, he opened fire upon their automobile, breaking the windshield out. In an exchange of shots the negro was slightly wounded before being captured. An effort is being made today by authorities to learn who took part in the lynching.

Sale Opens Big
At Globe Store on
Saturday Morning

Immense crowds of shoppers attended the opening day of the big sale at the Globe store Saturday and at times it was impossible to enter the store on account of the jam. Each person who entered the store between the hours of 9 a. m. and 3:30 p. m. was given a slip of paper on which was printed a number. At 3:30 p. m. it was announced that 5,000 numbers had been handed out in this manner. At that hour 5,000 other numbers were placed in a box, each number corresponding to a number held by one of the shoppers. These numbers were stirred up and Master Jimmie Martin drew one of the numbers from the box. This number was 1942 and Barney Bottom, a farmer living nine miles northwest of the city, held the duplicate number and was presented with a fine \$95 lady's coat suit. The sale, which will last until Christmas day, is being promoted by Mr. and Mrs. J. K. Kitchens of Oklahoma City, work under the direction of the New System Sales company. Those connected with the Globe are very well pleased with the progress of the sale.

Ada Sailor Boy
Sails From Atlantic
To Pacific Coast

G. A. Jones, son of Mr. and Mrs. W. C. Jones of Ada, a sailor boy serving in Uncle Sam's navy, recently left Philadelphia aboard his ship, the U. S. S. Simpson, for the Pacific coast. Stops were made at Newport News and at Charleston, and he is now on the high seas bound for Panama. The young man wrote to his parents from Charleston, and though to send his regards to Bob Knott and Mr. Hughes of this city, under whom he learned the baker's trade. "Tell them I'm at the same old trade," he says, mentioning the fact that he is one of those on the ship who furnish the boys with their bread.

REMEMBER.
No new entries will be received in the Ada News auto campaign after the end of the first period closing tonight at 6 o'clock. No five-year subscriptions will be given full credit except when entered in one subscription after the close of the first period. Two-year subscriptions will be given full credits if entered before Saturday, December 11, though taken in two separate subscriptions by the same contestant.

Farmers Union Met Saturday.
The Pontotoc county farmers' union held their regular Saturday afternoon meeting at the city hall and a large crowd of the members were on hand. The meeting was conducted behind closed doors and the details of the work done were not announced. The union is a growing organization and its members are very enthusiastic over their prospects. New members are being added at each weekly meeting.

16 More Days IN WHICH TO ENJOY The Benefit of The Globe's Xmas Sale

We still have bargains galore, in spite of the fact that a crowd of bargain seekers were extremely well pleased with the bargains given them on the opening day of this greatest of all sales.

Until Xmas Eve Dec. 24

We will continue our policy of making our store the bargain center of this community. If you are looking for better quality at a lower price we have it

Come In — Look Around — And Be Convinced

Among our bargains in practical Xmas gifts are:

Ladies', Misses' and Children's Coats, Hats, Shoes, Dresses, Hose, Sweaters, Underwear, Blouses.

Men's and Boys' Hose, Shoes, Pants, Neckwear, Shirts, Underwear, Hats and Boys' Suits.

Obtainable at The Globe Ada, Okla.

Until Xmas Eve, Dec. 24. Don't fail to come in and get your share.

Our Farmer Friends:

As the Fall Season is drawing to a close and new plans and arrangements are being made for the coming year, we invite you to place your account in our hands.

None of us can intelligently prophesy as to what the coming year really holds in store; but friendly connection with a strong bank is the best security against the uncertainties of the future.

Stop Your Cold
Ask your druggist for the handy 25¢ package
Pneumonia, Grip and Flu flee before
RUB-A-COLD

The Hoover lifts the rug from the floor like this—flutters it upon a cushion of air, gently "beats" out its embedded grit, and so prolongs its life

Immaculate rugs are safe playgrounds for the children. Clean thoroughly to protect childhood's precious health. Beat out embedded dirt and germs. Sweep up all litter that clings. Suction-clean away all loose grime. Only The Hoover performs these essentials of sanitary cleaning.

The HOOVER
IT BEATS... as it Sweeps as it Cleans

Let us show you by demonstration on your own floors how well The HOOVER performs the three functions essential to perfect cleaning. Then you will know why The HOOVER is the world's largest-selling electric cleaner. You will want us to deliver you one. Convenient terms if desired.

Obituary

William Ralph Busby, son of Mr. and Mrs. Orel Busby, died at the family home on East Tenth street Saturday evening at 6:30 o'clock. He was two years old and the funeral services were held at the residence yesterday afternoon at two thirty by Rev. C. V. Dunn. The body was laid to rest in the Rose-dale cemetery.

J. E. Johnson of Connerville was here yesterday visiting R. E. Stewart and family.

ARE YOU READY?

Teacher Training Class.
The teacher training class will meet this evening at 7:30 at the Christian church. The story of Joseph will be the subject of study. It will be studied with the Sunday school pupils in view. We hope all members of the class will be present. Visitors are always welcome. C. V. Dunn, instructor.

Fresh Milk — from the Greatest Dairying Center

You can have the freshest, richest milk you ever tasted—pure, fresh milk reduced to powder form. Uncooked—with nothing added—nothing taken away.

Spell it backwards

KLIM
BRAND
POWDERED MILK

You add the water to Klim and you have fresh milk at once—as fresh, as rich, as delicious as if you lived right in the heart of the greatest dairying district, where Klim comes from.

Time is no factor with Klim. It needs no ice to keep it; it does not sour in summer; it does not freeze in winter. When you replace the water Klim is as fresh as the day it was powdered—hours fresh, not days old.

Use Klim wherever milk is needed. Should you wish sour milk, restore Klim to

Merrell-Soule Sales Corporation, 217 E. Grand Avenue, Oklahoma City, Oklahoma

Klim is on sale at the following selected stores:
J. M. Stanfield Grocery Co., L. J. Little Grocery

liquid form; then it sours naturally like any liquid milk. Klim is excellent for making cottage cheese.

Klim comes in two forms: whole milk (full cream) and skimmed milk (for all cooking purposes). A 2½-pound package of Klim Powdered Whole Milk makes 10 quarts of liquid milk.

Convince yourself that Klim is rich and fresh—that it is economical—that it is convenient. Get a supply today to meet your family needs.

CASSIDY PREACHES TO SPLENDID CONGREGATIONS

The revival at the Methodist church started off well yesterday, with splendid congregations at both the morning and the night services. This meeting promises to be a very gracious revival. Cassidy is preaching the old time religion in his own unique and forceful manner. His sermon last night was on "Our Greatest Need." In this he showed clearly that our greatest need was a genuine, old fashioned revival of pure and undefiled religion. The singing was inspiring under the leadership of Prof. Fentem. Old time hymns were sung, and were thoroughly enjoyed by all present. Services will be held each night at 7:30 beginning with Tuesday, services will be held at 10:00 a. m.

Church of Christ.
The meeting at the Church of Christ, East Main street, continues with increasing interest. Last night we had a large audience in spite of inclement weather. The sermon on "The Ministry of Angels" was very inspiring. Two added to the fellowship. Baptizing after the evening service. If you miss hearing Evangelist J. Will Henley you will miss a rare opportunity. Services at 7:30 p. m. daily. You are cordially invited.

Sunday School Report.
The Sunday school attendance yesterday was larger than it has been in several months. It was probably the largest this year as many of the churches had a record attendance. Sunday morning dawned

clear and pleasant and the streets were thronged with people going to the churches.
This increasing attendance is encouraging to the workers for the cause of God and those who are in charge of the different churches hope to make the record much larger as time goes on.
The attendance and collection at the different churches is as follows:

Church	Attendance	Collection
Baptist	343	\$14.00
Methodist	31	14.57
Church of Christ	240	47.50
Christian	210	8.17
Nazarene	150	17.15
Oaw Avenue Baptist	133	3.61
Presbyterian	93	5.78
Episcopal	82	2.91

This makes a total attendance of 1,572 people and a total offering of \$113.69.

Tickets Now On Sale For Marie Rappold Concert on Dec. 14

Sale of tickets for the Marie Rappold concert started today at Gwin and Mays drug store. Seven hundred seats will be available, and

JEWELRY

What can express with more delicacy your sentiments at Christmas time than gifts of Jewelry.
Our display is replete with excellent suggestions.

DUNCAN BROS.
Jewelers
Phone 610-103 E. Main

when tickets for these have been sold there will be no more.
The reserved seat board will be brought to the drug store during the latter part of the week, and holders of tickets will have a chance alike to choose their seats.
Marie Rappold, Metropolitan grand opera star, comes to Ada December 14 for a concert at the Normal auditorium. This is the last Lyceum number this year. No other number is booked until February or March. All lovers of good music and grand opera will more than get their money's worth. Miss Rappold is one of the premier sopranos of the country, and usually commands a much higher price than that asked of Ada patrons of the Lyceum course.
It will cost you only \$1.50 to hear Miss Rappold, but if you are not early in getting your ticket you may be deprived of the pleasure.

Memorial Day Is Observed by Elks In Fitting Ceremony

Sunday afternoon at 2 o'clock a small crowd of Elks and visitors assembled in the lodge room of the Ada Elks home to pay tribute to the Elk dead of this lodge. This was the first attempt ever made by Ada lodge to observe the annual memorial exercises. Truly a more impressive and solemn ceremony could not have been inaugurated, and it is regrettable that more Elks and visitors were not present to renew the high, noble

and Godly things which the Elks stand for.
Reverend Patterson, who was to deliver the address of the occasion, was out of town and Reverend Weston was introduced instead. He gave a most eloquent oration. When he saw an open Bible resting on the American flag on the altar, and when he heard the words "Justice, Brotherly Love, Charity and Fidelity" uttered, he warmed up to his small audience and heaped praise after praise to the Elks cause on this earth.
There are other ceremonies that are held annually by Elks over the United States, and Ada lodge from now on will observe them all.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.
They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.
